

 *pack forms*

Pack Forms , gıda ürünlerinin hijyenik koşullarda muhafaza edilmesi ,güvenilir bir şekilde raflarda yer alması ve tedarikçilerden nihai tüketim noktasına (marketler, şarküteri , pasta, ve kurabiye üreticileri, meyve ve sebze üreticileri ve benzeri üretim ve tüketim noktaları olmak üzere) sağlıklı taşınması amacıyla üretimini sürdürmektedir.

Sızdırmaz ambalaj üretimi ile Pack Forms, Konya Organize Sanayi Bölgesi'nde kurulmuştur. Şirketin, sızdırmaz ambalaj üretiminin ve piyasanın bu faaliyet kolundaki taleplerini karşılamanın yanı sıra, çevresel tahribatı önleme, tüketici sağlığına önem verme ve yenilikçi ürün geliştirmek için sürekli araştırma ve geliştirme çabalarına ağırlık vermek gibi hedefleri de önceliklidir.

Pack Forms, kaliteden kesinlikle ödün vermeden faaliyetlerini sürdüren, küresel bir şirket olma yolunda hedefler koyan önemli bir kuruluştur. Bu çerçevede menşe ülkesi Türkiye'de geniş bir tüketici grubuna hizmet etmeye devam eden Pack Forms, ürünlerini uluslararası pazarlarda da tüketicilerle buluşturmaktadır.

Pack Forms şirketini farklı kılan özelliği, kaliteden taviz vermemesi ve bu anlamda rakiplerinden üstün kalitede ürünü müşterilerle buluşturmasıdır. Üretimde hataların olmaması için üstün çaba sarf eden Pack Form, hammadde aşamasından nihai tüketim noktasına kadar olan süreçlerde (hammadde işleme, müşteri talebine göre özel ürünlerin tasarlanması ve üretiminde, üretilen ürünlerin hijyenik bir şekilde ve özenle paketlenmesinde, müşterilerle satış aşamasında ve satış sonrası destekte) önemli bir kuruluş olarak çalışmaktadır.

Pack Forms, Yüksek Teknolojili tek kullanımlık ürünlerinin üretimini Türkiye'de Konya İli 4.Organize Sanayi Bölgesinde yapmaktadır.

Ürünlerimiz Hijyenik ortamlarda üretilmektedir ve insan sağlığı için uygundur.

NEDEN PET?

- Üstün hijyen koşullarına uygundur.
- Net bir şeffaflık sağlar.
- Kolay şekillenebilir niteliktedir.
- Optimum darbe dayanımı vardır.
- Termoform üretim uygulamalarına uygun yapıdadır.
- Kolay geri dönüştürülebilir plastik materyaldir.
- Kaynak ve gıda israfını önleyicidir.
- Ürünün tazeliğini korur.
- Ürün kullanımını kolaylaştırır.
- Ürünün raf ömrünü uzatır.

Pack Forms AR-GE : Yurtiçi ve yurtdışı ambalaj sektörünün geleceğe dair beklenti ve ihtiyaçlarını ön görerek projeler üretmektedir. Son teknoloji makine ve ekipman olanaklarını kullanarak, ürün geliştirme süreçlerini büyük bir özveriyle yürütmektedir.

Sürdürülebilir büyüme için üretim ...

Pack Forms, yaşam statüsünü arttıran, dünyamızın kaynaklarını koruyan ve tüketicilerin sürdürülebilirlik hedeflerine ulaşmalarını sağlayan ürünler üretmeyi ilke edinmiştir.

Büyümenin ve istihdamın önemli bir kaynağı olarak plastik ambalaj...

Günümüzde üretkenlik ve işsizlik ülkemiz için önemli zorlukların başında gelmektedir. Pack Forms ülkemizin üretkenlik performansını daha üst seviyelere taşımak ve genç nüfusun istihdama daha çok katılımını sağlamak amacıyla üretimini sürdürmektedir. Ülkenin üretkenlik ve işsizlik sorununun çözümünde lokomotif bir görev üstlenmektedir.

Pack Forms Ürünlerinin Yaygın Kullanım Alanları;

Sos, Yoğurt, Güllaç, Kuruyemiş, Kaymak, Kurabiye, Turşu, Peynir, Yumurta, Çikolata, Şekerleme, Dondurma, Meyve ve Sebze, Çiğköfte, Baklava, Baharat

Pack Forms continues its production for the purpose of keeping food products in hygienic conditions, keeping them on the shelves in a safe manner, and transporting them from suppliers to the final consumption point (markets, delicatessen, pastry and cookie producers, fruit and vegetable producers and similar production and consumption points).

Pack Forms, with its leakproof packaging production, was established in Konya Organized Industrial Zone. In addition to meeting the demands of the sealed packaging production and the market in this field of activity, the company also prioritizes its objectives such as preventing environmental damage, giving importance to consumer health and continual research and development efforts to develop innovative products.

Pack Forms is an important organization that continues its activities without sacrificing quality and sets goals to become a global company. In this context, Pack Forms continues to serve a wide consumer group in its country of origin, Turkey, and brings its products to consumers in international markets.

The distinguishing feature of Pack Forms company is that it does not compromise on quality and in this sense, it offers customers a product of superior quality than its competitors. Pack Forms, which makes great efforts to avoid mistakes in production, plays an important role in the processes from the raw material stage to the final consumption point (raw material processing, designing and producing special products according to customer demand, packaging the produced products in a hygienic way and carefully, in the sales phase and after-sales support with customers) works as an institution.

Pack Forms manufactures high-tech disposable products in the 4th Organized Industrial Zone of Konya Province in Turkey.

Our products are produced in hygienic environments and are suitable for human health.

WHY PET?

- It is suitable for superior hygiene conditions.
- Provides clear transparency.
- It is easily shaped.
- It has optimum impact resistance.
- It is suitable for thermoforming production applications.
- It is an easily recyclable plastic material.
- Prevents resource and food waste.
- It preserves the freshness of the product.
- Makes the product easier to use.
- Extends the shelf life of the product.

Pack Forms R&D: It produces projects by anticipating the future expectations and needs of the domestic and international packaging industry. It carries out product development processes with great devotion, using the latest technology machinery and equipment.

Production for sustainable growth

Pack Forms has adopted the principle of producing products that increase life status, protect the resources of our world and enable consumers to reach their sustainability goals.

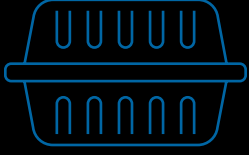

Plastic packaging as an important source of growth and employment

Today, productivity and unemployment are among the most important challenges for our country. Pack Forms continues its production in order to raise the productivity performance of our country to higher levels and to ensure the participation of the young population in employment. It plays a leading role in solving the productivity and unemployment problem of the country.

Common Uses of Pack Forms Products;

Sauce, Yogurt, Glla, Nuts, Cream , Cookies, Pickles, Cheese , Eggs, Chocolate, Confectionery, Ice Cream, Fruits and Vegetables, ikfte, Baklava, Spices
